### Permit Guidelines:

- The location must be open to the general public and cannot require special entry conditions (no street/sidewalk closures or intermittent traffic/pedestrian control)
- The activity cannot create a significant impact on the area (i.e. activity or size of group)
- The activity cannot interfere with the public's general use of the area
- The activity cannot require any special parking arrangements
- No temporary or permanent structures may be built
- Equipment that requires special attention or creates a public disturbance cannot be used (i.e.: dolly tracks, long cables, generators)
- Special effects are not allowed
